

3 IN 1 MIG • STICK • TIG

Fabricator[®] 1811
The first in a series
of 3-in-1 systems

Introducing the ALL NEW Multi Process Welding System.

MIG. Stick. TIG. All in one machine. With an integrated wire feeder for MIG welding, the Fabricator 1811 is the only compact, multi process machine of its kind. Extremely portable, weighing less than 33 lbs., it's nearly half the weight of the competition's MIG machines. For more information, contact your distributor or go to thermalarc.com.
